

Oracle VirtualBox Installation Guide

Installing Kali Linux & Ubuntu Virtual Machines

Prepared By Wooi Ping Cheah

Download VirtualBox

The VirtualBox Extension Pack is available for personal and educational use on this page under the PUEL license. The VirtualBox Extension Pack is also available under commercial or enterprise terms. By downloading, you agree to the terms and conditions of the respective license.

Download VirtualBox-7.2.4-170995-Win.exe ----- Virtual Machines Installer

VirtualBox Platform Packages

VirtualBox 7.2.4 platform packages

-  **Windows hosts**
-  **macOS / Intel hosts**
-  **macOS / Apple Silicon hosts**
-  **Linux distributions**
-  **Solaris hosts**
-  **Solaris 11 IPS hosts**

Platform packages are released under the terms of the [GPL version 3](#)

VirtualBox Extension Pack

VirtualBox 7.2.4 Extension Pack

This VirtualBox Extension Pack Personal Use and Educational License governs your access to and use of the VirtualBox Extension Pack. It does not apply to the VirtualBox base package and/or its source code, which are licensed under version 3 of the GNU General Public License "GPL").

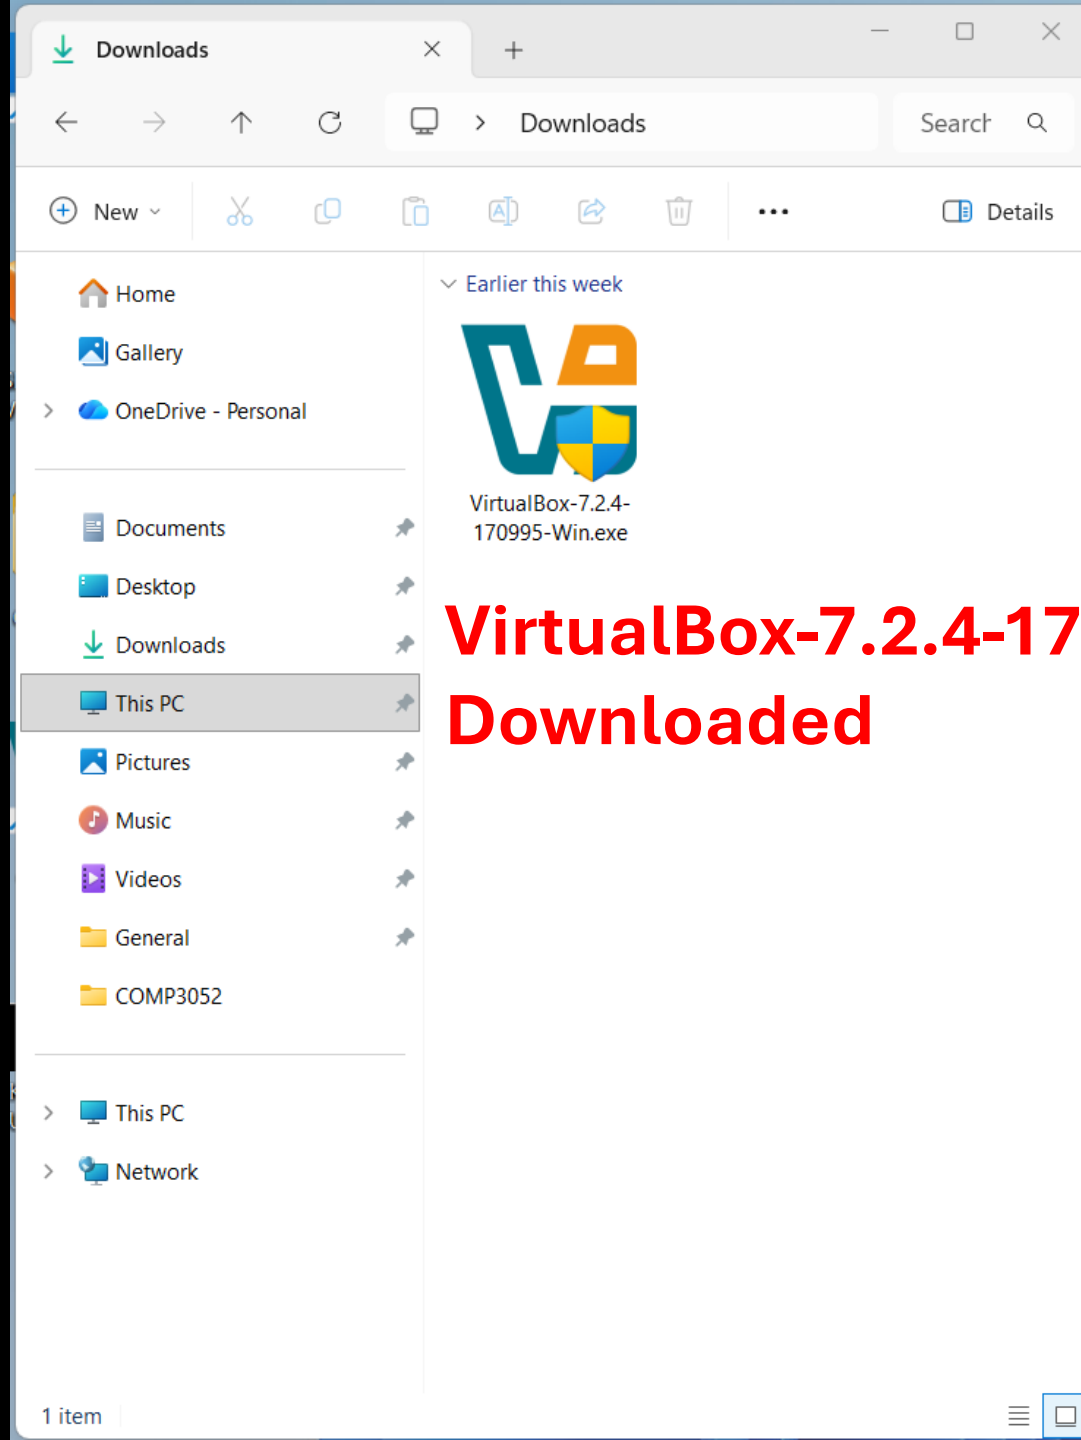

See our [FAQ](#) for answers to common questions.

**SEC20250615VMs_amd64_3.ova
Downloaded**

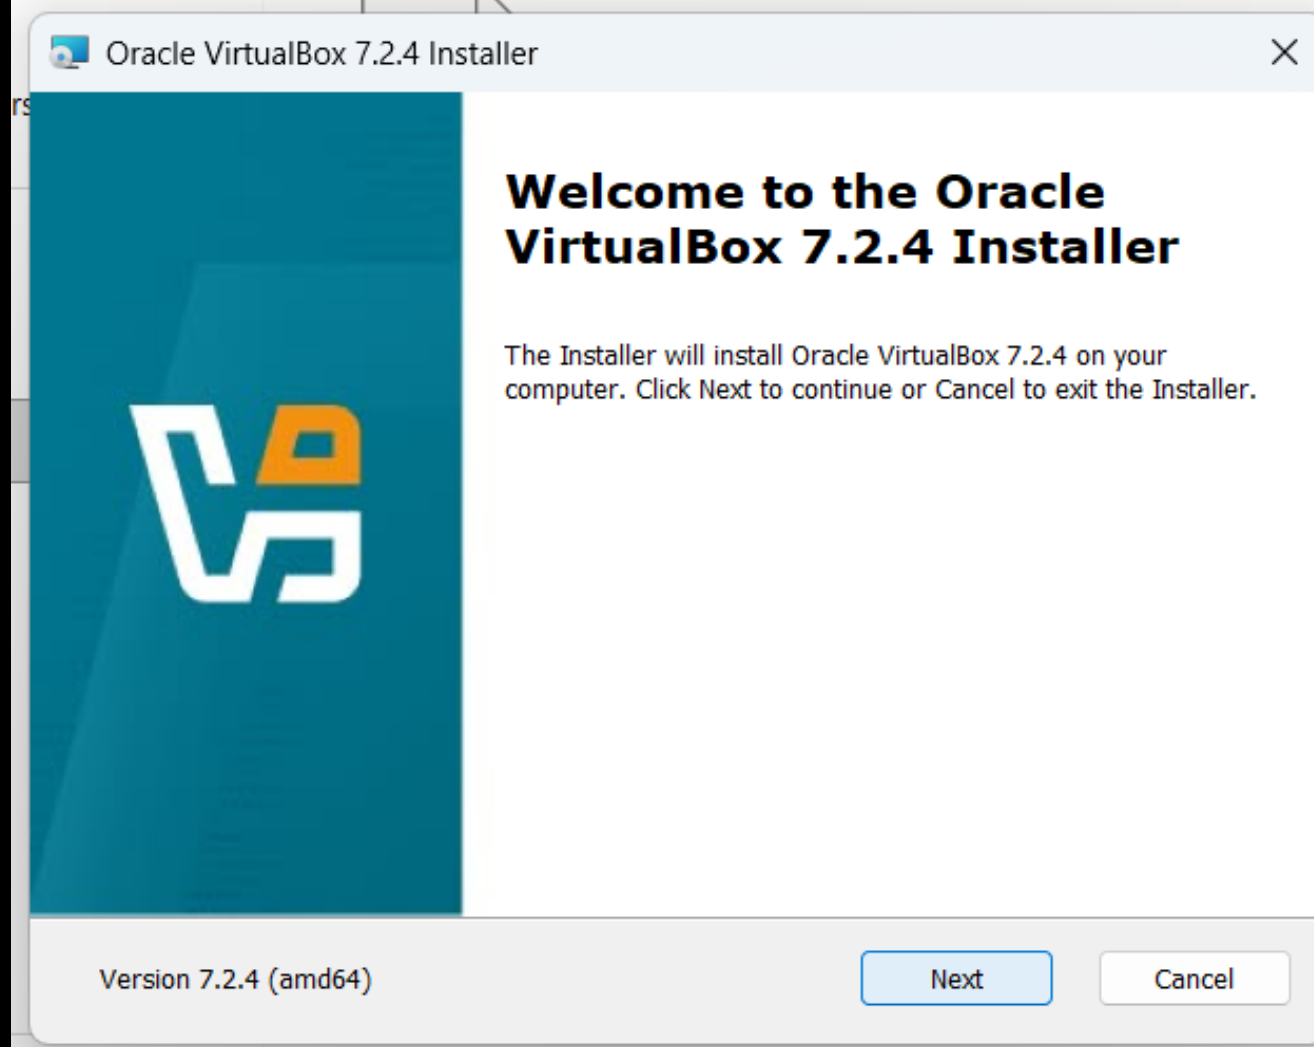

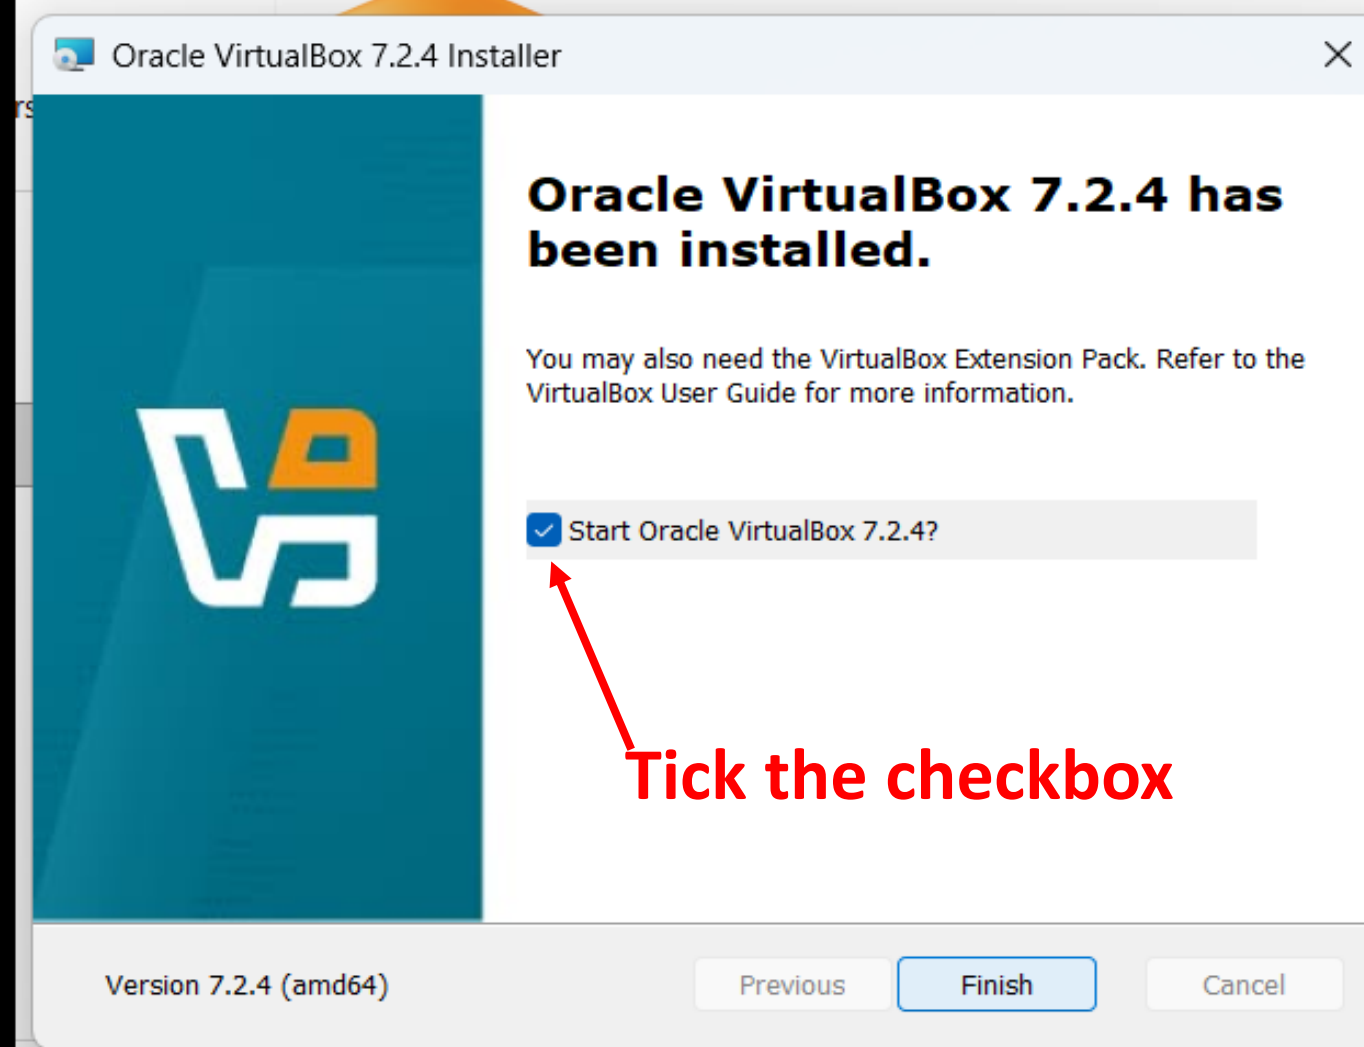

You may encounter this pop-up message when the Visual C++ 2019 Redistributable package is not present on your system. Click the OK button to continue the installation.

After installing VC_redist.x64.exe, restart your machine and proceed with the VirtualBox installation. If this pop-up message appears, simply click No to ignore it and continue.

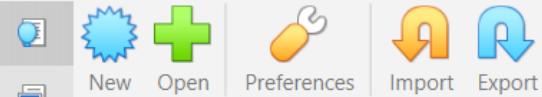

Accept the license agreement and all default options to install Oracle VirtualBox 7.2.4

Installation Complete. Click the Finish button.

Oracle VirtualBox Manager Interface

File Machine Help

Get started with VirtualBox

[Configure VirtualBox Manager to work with your computer](#)

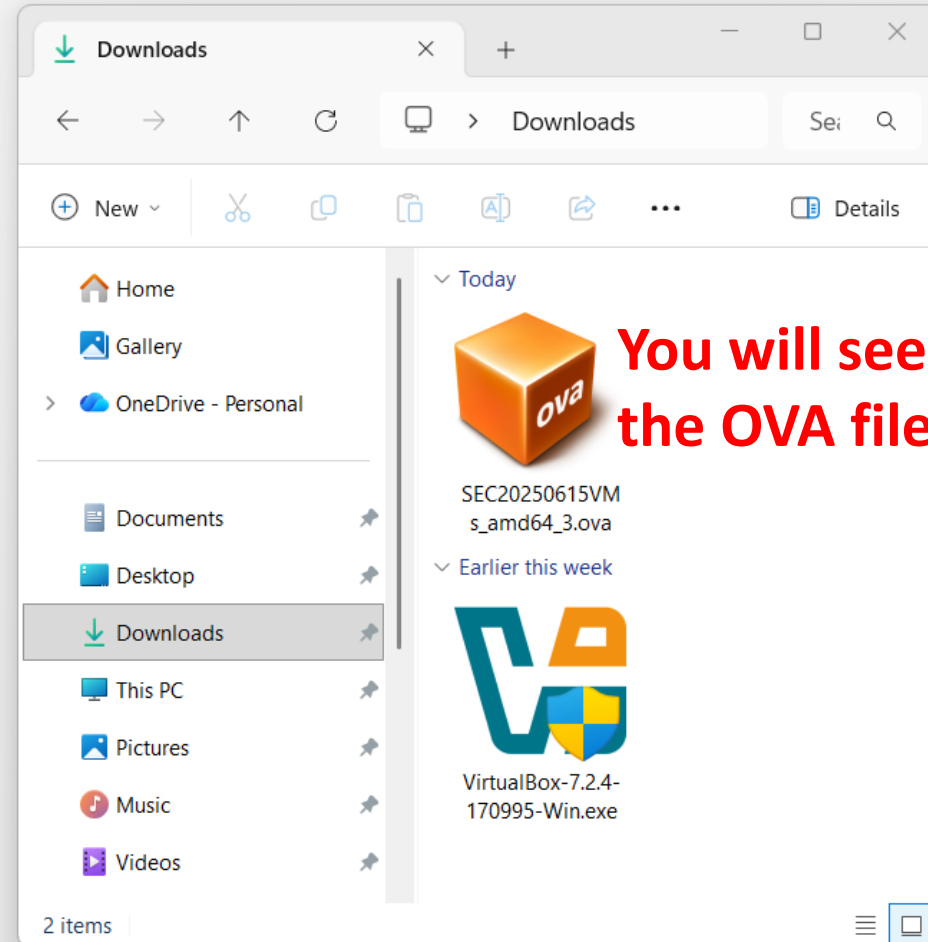

[Create a new virtual machine \(VM\)](#)

[Open a saved VirtualBox VM](#)

[Import a VM from open virtualization or cloud formats](#)

Refer to the [VirtualBox documentation](#) or press F1 for help.

Visit [virtualbox.org](https://www.virtualbox.org) to download test builds, access the source code, and more.

Get started with VirtualBox
